<sup>1</sup> The complete atlas includes partial township maps for Albany, Longswamp, the area between Reading and Ruscombmanor Township, and Windsor Township. The atlas also includes maps and names of owners in 1750 and 1775 in Amity and Oley Townships, Earl Township taxpayers, and resources such as unmapped East Side Applications grouped by township. The latter is particularly helpful for Windsor township, but no map for these landowners has been drafted. See the index to the full atlas for additional names, and contact the author at [AncestorTracks@gmail.com](mailto:AncestorTracks@gmail.com) to receive these truncated records.
